**INERT INGREDIENTS** .....99.995%

**TOTAL** .....100.000%

\*Chlorophacinone-Liphadione

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**IMPORTANT:** Before using this product, read carefully and observe all applicable directions, precautionary statements, and other information appearing on the EPA registered product label. This product is sold subject to the conditions of sale stipulated on the labeling for ROZOL PELLETS, EPA Registration No. 7173-151.

**USE RESTRICTIONS:** This product may be used to control meadow voles (*M. pennsylvanicus*) in forest plantations. Apply the product where infestations are known to be present.

**APPLICATION DIRECTIONS - HAND BAITING:** Place approximately 2 tbsp. of bait at each bait spot. Bait should be placed in areas of vole activity and should be protected by placing the bait under a tar shingle or similar protective device. Bait application should be made daily for 5-7 consecutive days not to exceed 10 lbs. Of bait per acre. When populations are high, or effective control was not achieved with the first bait application, a second application may be made. Total bait application shall not exceed 20 lbs. per acre over two applications. Do not place unprotected bait spots. Collect leftover bait and dispose of properly.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wildlife. Do not apply this product directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes.

**ENDANGERED SPECIES CONSIDERATIONS**

The applicator of Rozol Paraffinized Pellets shall be familiar with the active burrowing sites of the burrowing owl. Applications to the burrowing owls habitat is prohibited. Contact the Idaho Department of Agriculture for specific information on the burrowing owl.

No applications shall be made on the Birds of Prey National Wildlife Area without contacting the Idaho State Department of Agriculture.

This labeling must be in the possession of the user at the time of pesticide application.
